

INTRODUCING Matterport CoreVR

Show off your Spaces in immersive virtual reality.

Benefits of CoreVR

- ✔ Give users a more immersive experience and engage them longer
- ✔ Build your reputation as a tech-forward company
- ✔ Generate excitement around your campaigns by adding VR

CoreVR is easy to share!

Automatically share

With the VR button on 3D Showcase, your viewers can launch and explore your Spaces in VR without any additional work.

Send a simple link

Matterport VR Spaces can be shared by sending a URL or QR Code, or turning the link into a button on your website.

Return to your site

Matterport VR returns your user to your native mobile site, so you can leverage VR without losing viewers.

Why VR?

- ✔ Virtual reality is poised to be the next big tech adoption. Don't miss your opportunity to be on the cutting edge.
- ✔ High adoption rates and active users provide a built-in user base for your Spaces.

Google Cardboard:
5M+ viewers

Samsung Gear VR:
1M monthly active users

The Matterport VR app works with compatible Android phones. iOS support coming soon.
